

Work Zone Traffic Control

Traffic Controller Skill Set & Implement Traffic Control Guidance Plan Skill Set

Who is This Course for?

This training program is designed for anyone working on the road performing **Traffic Control** duties, directing traffic with a stop/slow down bat or similar control device. The program includes training in how to setup and **Implement Traffic Management Plans** in accordance with approved Traffic Management Plans.

What Qualification will I receive?

The training program includes nationally recognised units of competency:

- RIIWHS201D – Work safely and follow WHS policies and procedures
- RIICOM201D – Communicate in the workplace
- RIIWHS205D – Control traffic with stop/slow bat
- RIIWHS302D – Implement traffic management plan

\$500*

What will I learn?

Upon successful completion of the training program you will be able to demonstrate knowledge and skills to work as a work zone traffic controller and work as a traffic control guidance plan implementer.

Delivery Methods and Assessment

New Entrants Pathway:

New entrants with no prior experience in the industry will need to complete the following pathway of training and assessment. Face-to-face learning, activities, simulated role plays and theory assessment. Practical on the job training and assessment at pre-determined worksites

Recertification / RPL:

Recertification / RPL students may be eligible to receive certification after successful review of evidence supplied. To be determined eligible the candidate must first meet criteria as set out by the training package and Roads and Maritime Services conditions. To confirm eligibility students should contact an Affirm Training representative for further advice.

National Head Office

79 - 81 Regent Street,
Redfern NSW 2016 Australia

NSW M/L: 404776913

ASIAL Member: 003749
RTO: 90024

To work as a Traffic Controller in NSW students will require a Roads and Maritime Services Photocard. In enrolling on this course you approve Affirm Training to submit on your behalf records of results to RMS to process your Photocard. Applicable fees for this service are included in the course cost. Replacement certificates will be at the cost of the student, Certificates - \$35 each.

Entry Requirements:

All candidates need to provide 100 points proof of Identity.

Evidence of Identity must include:

- Evidence to demonstrate Australian / New Zealand Citizenship or Residency – click here for [details](#).

Overseas Students VISAs are not permitted to enrol in this course

All candidates must supply a Unique Student Identifier (USI). Available at www.usi.gov.au

*Fees: \$500 Training

This includes: All course materials, face-to-face training and assessment and Roads and Maritime Services Statement of Completion certificates. Students must supply their own P.P.E clothing. All fees must be paid in advance of training or assessments.

Qualification Completion

The Roads and Maritime Services Statement of Completion certificates are valid for 90 days. The Supporting Evidence Tool (Third Party Observation) and assessment must be completed within 90 days from the date of issue.

One 90 day extension may be approved by the Training Services Manager, however any further extensions can only be granted by the Roads and Maritime Services.

Language, Literacy and Numeracy (LLN)

Prior to enrolling into an RMS Traffic Management course students are required to complete a Language, Literacy and Numeracy (LLN) test to determine if they will be able to satisfactorily complete the training and assessment processes associated with the mandated RMS training program. LLN **will be completed in class** on the day of the theory component. Assistance is not permitted in the completion of the LLN test. Students unable to complete the LLN test will be provided a full refund from their organisation they purchased the course through.

Student Theory Questionnaire

All students enrolling in an RMS Traffic Management courses are required to complete the Candidate Theory Questionnaire by referring to the presentation. You must complete and submit the Student Theory Questionnaire to the trainer for marking on the day of the theory component.

***Failure to submit your completed Candidate Theory Questionnaire by theory day will result in no Statement of Completion(s) being issued. You will not be able to attend an assessment day without a Statement of Completion(s).**

Pre-requisites:

Prior to assessment students must obtain a NSW White Card or equivalent (Construction Card)

Student Handbook

A Student Handbook is available that outlines all training and assessment requirements for the relevant units of competencies being undertaken in the traffic training program. [The Student Handbook \(Click Here\)](#).

Support Services

Affirm Training can provide a host of support services for participants who require additional assistance. Before enrolling please contact the Training Services Manager for further advice. Fees may apply for specialist support service. Further information on organisations that can assist in your learning needs can be found at www.acesecurity.com.au/training/

Complaints, Grievances and Appeals

Affirm Training has robust systems, policies and procedures in place to deal with complaints, grievances and appeals from participants and employers. Any issues should be directed to the Training Services Manager in writing at info@affirmtraining.com.au. The complainant will be contacted to determine the reason for complaint and maybe required to complete documentation to substantiate

further details. The Training Services Manager will then investigate the matter and provide regular feedback of outcomes. Further information on the Complaints, Grievances and Appeals process can be found on the Affirm Training website, <http://www.acesecurity.com.au/training/>.

Refund Policy

Any students circumventing enrolment processes or failing to notify Affirm Training of their VISA conditions which may impact their ability to receive training will result in full or partial loss of enrolment fees. (Overseas Student VISAs may not enrol in this course).

All requests for a refunds must be made in writing to ACES Training Manager outlining the reasons for reimbursement.

All cancellations in writing more than 72 business hours prior to the commencement of the training program will be eligible for a full refund.

All rescheduling of courses more than 72 business hours prior to the training program can be done at no charge.

All written cancellations within 72 – 48 business hours will be entitled to a 50% refund. No refunds for less than 48 hours.

All rescheduling of courses within 72 business hours will incur a 50% administration fee.

Once a course has commenced fees are non-refundable unless the client states exceptional circumstances and can provide a medical certificate or show extreme personal hardship. In this case fees may be refunded but would be on a case by case basis minus an administrative fee of \$50.

If a client withdraws from a training program after commencement of the training program, no refunds will be paid.

If a client fails to attend the training program they have enrolled in, no refund of fees will be paid.

If a client is deemed 'not yet competent' after valid assessment methodologies have been applied, no refunds of fees will be paid.

If a client is deemed 'not yet competent' due to plagiarism, cheating or fraudulence, no refunds of fees will be paid.

If a client is deemed 'not yet competent' due to putting themselves, others, property, or the environment at risk after being provided corrective advice, no refunds of fees will be paid.

Where training and assessment maybe conducted outside, increment weather may result in courses being cancelled at short notice.

If a course is cancelled by Affirm Training an alternative course schedule will be negotiated with the client.

Affirm Training reserve the right to cancel any training program where safety of staff and students is jeopardised.

More Information

Please ensure you arrive early to complete the administration process. Students will not be accepted into the training program if arriving late. Rescheduling 48hrs before the start of the course will incur a re-booking fee of 50%.

RTO's Obligation

Affirm Training is obligated to provide quality training and assessment in compliance with the Standards for RTOs 2015 and issuance of Australian Qualifications Framework certifications.

Should a training program be cancelled or unable to be fulfilled by Affirm Training after a student has been enrolled in the training program, an alternative provider will be coordinated with the student or a refund of undelivered services provided.

Learners Rights and Responsibilities

The student has a right to be assessed fairly, with flexible, valid and reliable assessment processes. The student has the right learn in a safe and controlled environment where bullying, harassment and discrimination is not tolerated.

A student is responsible for their own actions and omissions and should ensure they operate in a safe manner with consideration to others. A student will not engage in actions that may have a negative impact on staff, other students, the general public, property or the environment.

Training Policy and Procedures

All training policies and procedures that may assist in ensuring a student is informed before enrolment and training can be found on the Affirm Training website. Further terms and conditions of training can be found on the Enrolment Form.

VET Fee Help/Subsidised Training

This training is not a VET Fee Help or Government Subsidised program.

CRICOS

This is not a CRICOS approved training program.

Overseas Student VISAs

Overseas Student VISAs cannot enrol in this training program.

Flow Chart of Qualification

Student Process

Read Brochure
Contact Affirm Training

Confirm Training Date

Make Payment via Credit Card

Receive Information and Exam via email

Attend Training Day
(with completed exam)

Complete Enrolment Process

Complete Theory and Practical Training

Receive Logbook

Arrange with Traffic Control companies to attend and do work experience

When **work experience** is complete and you have the necessary **evidence**

- Completed Supporting Evidence Tool
- Signed Log Book
- Traffic Control Plans
- Permit or Road Occupancy Licence
- Copy of the Safe Work Method Statement
- Copy of the Risk Assessment

Book a final assessment with Affirm Training

Attend assessment day (30 mins early)

- Wear correct P.P.E
- Take White Card
- Take Log Book and Photo Identification
- Take Statement of Completion
- Take work experience evidence

Wait for RMS card (up to 60 days) if successful in assessment process otherwise repeat the assessment process until competent. Additional fees apply if reassessment is required.

Affirm Training Process

Provide information to potential candidates that make phone enquiries

Take payment and book students on to their preferred dates

Send information packs and exams to student

Morning of training the trainer is to issue a language, literacy and numeracy (LLN) test that must be completed.

If student successfully passes LLN test the Enrolment form is complete before student completes theory training

If student cannot complete the LLN test, they are advised to seek a refund for the course

Provide theory and practical training to student

Sign and Issue Log Book

Issue Supporting Evidence Tool

Explain to student the process for completing work experience and assessment

Receive phone call to book assessment day

Take payment and send information pack

When student arrives for assessment

- Check White Card
- Check Photo Identification
- Check work experience evidence
- Check Statement of Completion

Assess student on live worksite arranged by Affirm Training

If student is successful, arrange for RMS Photo Card to be sent to their nominated address

Video Links

As part of your 'unsupervised training' you need to watch the following videos to get an understanding of what is involved in traffic management, and how to use extinguishers, fight fires, conduct emergency evacuations and isolate and tag machinery. Additionally case studies and informative guidelines have been provided which will provide you with information that is useful in the traffic management industry.

Industry Guidelines and Traffic Management Standards

Each state and territory of Australia have guidelines they must comply with in terms of traffic management. The AS1742.3 Manual for uniform traffic control devices is also used as a national guideline in conjunction with each jurisdictions legislative and best practice documentation.

Below are some links to important documents that all traffic management staff should be aware of and have access to.
