

# HLTAID004 Provide an Emergency First Aid Response in an Education and Care Setting

## TCP TRAINING

### COURSE DESCRIPTION

Learn the skills & knowledge required to provide a first aid response to infants, children and adults. The course applies to educators and support staff working within an education and care setting who are required to respond to a first aid emergency, including asthmatic and anaphylactic emergencies.

First Aid skills are invaluable and simple for everyone to attain. A little knowledge can Save a life! Past Training Unlimited students have used their CPR skills to sustain a life until medical help arrived.

### SKILLS GAINED

- Respond to an emergency situation
- Perform CPR on adults, children and infants
- Manage an unconscious breathing casualty
- Apply appropriate emergency first aid procedures
- Communicate details of the incident
- Evaluate the incident and own performance

### YOUR ASSESSMENT

- Pre-learning assessment
- Workshop based learning
- Practical assessments

### ENTRY REQUIREMENTS

Learners must have demonstrated interest in the course. There are no prerequisites for this course! CPR skills are to be demonstrated on a manikin that has been placed on the floor.

### YOUR COURSE

- Save time by completing pre-learning & assessment before class.
- Spend 8 hours on practical training in class.
- You will be issued with a Statement of Attainment for HLTAID004 Provide an Emergency First Aid Response in an Education and Care Setting.

**We operate classes across Victoria. Have a group of 10 or more or a workplace area suitable for training, our trainer will come to you and contextualise the training based on your company's unique requirements.**
