

Hazardous Chemicals for Managers and Supervisors Online Course Description

Cost: The cost for this program is \$49 per person.

Workforce pricing: Contact us to discuss pricing for larger groups

Course details: This course is aimed at people in supervisory roles who are required to have an understanding of how to manage hazardous chemicals in the workplace.

It has been reviewed and endorsed by the Safety Institute of Australia.

During this course, employees will learn about:

1. Legal obligations relating to hazardous chemicals in the workplace and how they are managed.
2. The process of hazard management and how it applies to hazardous chemicals, including how to identify, assess, control, monitor and review their use.
3. Why we have policies and procedures for the use of hazardous chemicals in the workplace.
4. What procedures should be carried out in an emergency.

Average completion time for this online course is 60 minutes.

Key Facts:

- 100% Online Course – Complete your course quickly and easily online, no need to visit a classroom.
- Same Day Certificate – Upon completion your certificate will be sent to you
- Learn at your own pace – We keep a record of how far you've progressed with your course, so you can complete it whenever you prefer.

Who is this course for? This course is suitable for workers in a managerial or supervisory role where there is use of hazardous chemicals and anyone who is responsible for the management of hazardous chemicals directly in the Australian workplace.
